

School District 19
(Revelstoke)

Revelstoke Board of Education

Policy Manual

4.7 Facilities

The Board of Education believes that quality educational school facilities enhance student learning. School facilities reflect the value a community places on education, therefore, facilities and grounds will be safe, well kept and functional. The cosmetic use of pesticides is prohibited on all district property.

The Board endorses the community use of school district facilities if such use does not conflict with school use, is suited to the facility available, does not require specialized training and is approved by the Principal / Supervisor.
