RE: SECONDARY SCHOOL (Revelstoke Secondary School, Revelstoke)

Our research shows that you are currently involved with the above mentioned project. When considering natural stone for your project, consider **Marble Trend** as your supply source. Our expert Architectural Sales Representatives will assist you with any technical information you require in order to meet the needs of your clients. Our selection includes the following materials in tile format, slab and "cut to size".

Marble - Granite - Travertine - Limestone - Slate - Quartzite -

Sandstone - Agglomerate - Porcelain & Ceramic Tile

Natural Stone surfaces can be manipulated to suit any environment. We would like to emphasize that the biggest advantage we bring to your firm is the customization we offer. Our vast knowledge and contacts throughout the world gives us the ability of supplying unlimited innovative combinations of materials including hand carved antiques works.

Every project is as unique as the stone used in the project. Whatever your stone needs may be, give us the opportunity to service your firm and achieve your project goal. We are also familiar with *LEED* requirements and specialize in sourcing and supplying material which will be suitable for the projects specifications.

Please feel free to call us or visit our website (www.marbletrend.com) for more information.

Sincerely,

Ashley Barrey
