ACTION: Policy 2.9 Parent Advisory Councils

Our Policy Review Committee revised the existing policy 2.9 Parent Advisory Councils to clarify the important role of Parent Advisory Councils. For your reference, the revisions are in bold. Although the changes are relatively minor, the circulation of the policy will serve to remind our school community of the importance the Board places on the role of Parent Advisory Councils.

If you have any feedback, please submit it to the School Board Office no later than April 25th, 2019 so that the Policy Review Committee can review the feedback and forward the policy to the Board for approval at the May 8th, 2019 School Board Meeting.

Thank you.

Policy Manual

2.9 Parent Advisory Councils

The Board of Education believes that **parents and guardians play a critical role in developing positive school climates**. Parent Advisory Councils' advice, feedback and engagement are essential elements in supporting student success and **encouraging** positive relationships between home, school and **the community**.

A Parent Advisory Council **provides feedback and advice on** school programs, policies, activities, and other matters in accordance with the *School Act*.
