

School District 19
(Revelstoke)

Revelstoke Board of Education

Policy Manual

2.9 Parent Advisory Councils

The Board of Education believes that parents and guardians play an important role in developing positive school climates. Parent Advisory Councils' advice, feedback and engagement are essential elements in supporting student success and encouraging positive relationships between home, school and the community.

A Parent Advisory Council provides feedback and advice on school programs, policies, activities, and any other matters relating to the school in accordance with the *School Act*.
