

TEAMS AT OUR "SCHOOLS"

ONE WAY THAT SCHOOLS IN REVELSTOKE ARE CONNECTING

DOWNLOAD THE APP AND LOGIN

If you have one of the three devices above...you should be able to download an app called **Microsoft Teams**.

Your child has an account already!

eg. **Sally Smile** would be

salsmi@sd19.bc.ca

Their password is 4 digits that they use at school.

(teachers will send these in an email if the students don't remember)

TAKE A PEEK!

DOWNLOAD THE APP

INVITATION

You will likely receive an invitation for your child to join a meeting with their teacher. This is a CLASS meeting. It will have video and audio (pictures and sound). When you try to join it will look like this!

This will be one of our first ways to chat and connect with students.

Our teachers are learning this for the first time too!
We may not have it set up as soon as some others. We all learn at different rates.

More Later

More on how to operate this app will follow. Not all functions on **Teams** are available for us to use (but we are working on it).
